

Participants at GREENCAM STSM

Participant name	Dissertation subject	Supervisor
Mihai BORDEIASU	Crystalline porous coordination polymers with catalytic / gas adsorption applications	Delia POPESCU, PhD
Nicolae-Cristian GUZO	Humins – from wastes to catalytic materials	Prof. Simona COMAN
Maria GHETU	Designing biocatalysts based on the model of enzymes co-immobilization with application for cascade biocatalysis	Madalina TUDORACHE, PhD
Giulia GHIORGHITA	Developing new biocatalysts based on cold-active enzymes for the valorization of biomass waste	Madalina TUDORACHE, PhD
