

semestrul I - 2013-2014

anul II Master Chemistry of advanced materials

| Ziua     | Ora   | SG. 1                                                                      | Ora   |
|----------|-------|----------------------------------------------------------------------------|-------|
| Luni     | 8-9   |                                                                            | 8-9   |
|          | 9-10  |                                                                            | 9-10  |
|          | 10-11 |                                                                            | 10-11 |
|          | 11-12 |                                                                            | 11-12 |
|          | 12-13 | Activitate de cercetare                                                    | 12-13 |
|          | 13-14 |                                                                            | 13-14 |
|          | 14-15 | Activitate de cercetare                                                    | 14-15 |
|          | 15-16 |                                                                            | 15-16 |
|          | 16-17 | s 133 B (L) Characterization of solid materials                            | 16-17 |
|          | 17-18 |                                                                            | 17-18 |
|          | 18-19 |                                                                            | 18-19 |
|          | 19-20 |                                                                            | 19-20 |
| Marti    | 8-9   |                                                                            | 8-9   |
|          | 9-10  |                                                                            | 9-10  |
|          | 10-11 |                                                                            | 10-11 |
|          | 11-12 |                                                                            | 11-12 |
|          | 12-13 |                                                                            | 12-13 |
|          | 13-14 |                                                                            | 13-14 |
|          | 14-15 |                                                                            | 14-15 |
|          | 15-16 |                                                                            | 15-16 |
|          | 16-17 | SP 1 Panduri, Curs Chemical sensors and biosensors, Prof. dr. Camelia Bala | 16-17 |
|          | 17-18 |                                                                            | 17-18 |
|          | 18-19 | P2, Curs Characterization of solid materials, Prof. dr. Vasile Parvulescu  | 18-19 |
|          | 19-20 |                                                                            | 19-20 |
| Miercuri | 8-9   |                                                                            | 8-9   |
|          | 9-10  |                                                                            | 9-10  |
|          | 10-11 |                                                                            | 10-11 |
|          | 11-12 |                                                                            | 11-12 |
|          | 12-13 |                                                                            | 12-13 |
|          | 13-14 |                                                                            | 13-14 |
|          | 14-15 |                                                                            | 14-15 |
|          | 15-16 |                                                                            | 15-16 |
|          | 16-17 | (L) Chemical sensors and biosensors sapt 5-11, lab 28 corp B Panduri       | 16-17 |
|          | 17-18 |                                                                            | 17-18 |
